Volume I – May 2008

Wildcat Water Cooler

The year is quickly coming to a close. Don't miss next Wednesday night's Home and School Meeting. We will be voting on candidates for Home and School Vice-President and Treasurer. We will also be voting on some small amendments to the bylaws. We will be discussing fundraising ideas for next year. Finally, we will have our annual tuition raffle for those who have attended all three general meetings. We hope to start the meeting promptly at 7 pm. See you there!

Yours truly,
Erin Friday

Q: What is Field Day?

A: This year's **Field Day** will be held on Thursday, May 22. Each student in the school will be randomly assigned to one of five different color teams (red, green, blue, black, and grey). Students will be asked to come to school in the color of their team. Throughout the morning, students will participate in various competitions. Parent volunteers for the day are always needed and welcomed. There is a picnic lunch followed by a showdown between the teachers and the 8th grade. Past events have included a softball game and a tug of war. Pray for great weather!

Q: What is the Precious People Picnic?

A: This year's **Precious People Picnic** will be held on Monday, June 2nd. As the school year draws to a close, students in Kindergarten through 3rd grade are asked to invite people who are precious to them for a picnic lunch on the lawn outside the school. Guests (grandmas, grandpas, aunts, uncles, etc) can bring lawn chairs and blankets to join the students for the meal. The children do return to class following lunch until normal dismissal time. It is a nice way to spend some time with people important to our students.

Student Council President

Jonathan McCarry by Colin Friday

Colin recently had the opportunity to interview the outgoing Student Council President and graduating 8th grader, Jonathan McCarry.

1. How does it feel to be Student Council President?

It is nice to know that students look up to you as a good example, but you have to make sure you keep a good reputation. It feels good to know that the school voted me as president and that they looked to me.

2. Are you starting any big projects?

The year is coming to an end and it will be summer before you know it. We have been anticipating one last project in which we will collect canned goods. It will be a competition between grades, which will bring in, hopefully, many canned goods. This is coming soon and we choose this time of year because now is when charities need canned goods the most.

3. Does the Student Council work well together?

The student council works very well together. We are all friends and that friendship helps when we have to work the most (for example, when we counted all the change for the leukemia society).

4. Can you tell us about any of your ideas?

As I said the school year is almost over, and the one thing we are still deciding is what we will give to the school. I have suggested a new basketball hoop for recess but we are still trying to get approval. If you have any ideas feel free to let me know, and I will mention it at the next student council meeting.
